

We will always remember the good times we've had  
And the lessons and work that we've done,  
We'll think of you often with love and with pride,  
So farewell to you School Number One.

#### OTHER USES OF SCHOOL ONE

School One is used not only for classes. Several other groups hold meetings here. The Parent-Teachers Association holds a meeting in the auditorium once a month. They also use the auditorium for their card parties and special meetings.

The Brownies and the Girl Scouts hold their meetings once a week in the lunch room. There are three Brownie Troops and two Girl Scout Troops which meet on different days. The Cub Boy Scouts hold one meeting a month in the school. This is an evening meeting at which time all of the dens meet together.

Every Sunday, church services are held in the auditorium.

#### POEMS

Our schools in Scotch Plains have had a long and brave history. Our own school is fifty years old this year. We are very proud to be a part of School One. Some of our class members have written poems to express how we feel about our school. We liked this one best.

#### SCHOOL ONE

I am proud of our School One,  
It's stood for fifty years,  
It represents a lot of fun,  
And starts all our careers.

The principal and teachers too,  
Have taught us many things,  
And we are ready to begin,  
When our School Bell rings.

We'll be happy when we're learning,  
In high school too,  
But our hearts will still be yearning,  
For School One so true.
