

Concetta Marcovecchio

Concettina Marcovecchio
1905 - 1937

This is a picture of my mother's younger sister. She died of consumption in Montazzoli. It was customary for families to send photographs of the deceased to families in America since they could not be present at the wake and funeral. This haunting picture was never displayed in our home but was kept in my mother's family records.

Inscription on the back of the photograph:

Marcovecchio Clementina e famiglia
In ricordo della tua cara sorella
Concettina, morta il 12 Agosto 1937
Tutta la famiglia Marcovecchio

Translation: Clementina Marcovecchio and family
