School 1

I can remember this day so well. I was determined to be front and center and there I am. There were 28 of us in Mrs. Harriet Bluhm's third grade class. When we graduated from Scotch Plains High School, 21 of us were still together. The four of us who were descendants of the immigrants from Montazzoli, Italy are John and Ralph Appezzato (twins) in the back row and Tony DiProspero kneeling on my left.

Years later I taught with Mrs. Bluhm at the LaGrande School in Fanwood!
