More friends and family

Family and friends gathering on a Sunday afternoon. The DiNizos visited often. Notice the apple tree in the background. It supplied us with many of Mom's wonderful apple pies.

Mary, Jeanie, and I on the front porch of our home. These pictures were taken in the winter. The beautiful cherry tree is pictured in these photos. My father was a great gardener and took good care of his trees and shrubbery.

Clementina and Carmella DiNizo in their Sunday best.
