

Street Map of Fanwood Area in 1882

EARLY BYWAYS. This 1882 street map of the area that would become Fanwood in 1895 shows about 30 homes (black squares). The major roads—Martine Avenue, Westfield and Terrill Roads, North and South Avenues, and King Street—are in evidence. Farley and Hunter Avenues and Russell, Paterson, and Watson Roads are in place, but very few homes are built on them.
