

EYE AND EAR TESTS. One of the most important functions of the Lions Club of Fanwood is to hold an eye-ear test in a mobile facility, sponsored by the Eye-Ear Foundation of New Jersey. Volunteers for the event in 1983 are, from left to right, Duane Linden, William Kirner, Robert Germinder, Norman Bonde, Chester Lindsey, and an unidentified member. The club was founded in 1949.

THE ROTARY CLUB. Joseph Qutub, president Ben Lopez, and Ted Frankenbach are proud members of this businessmen's organization, founded in Fanwood and Scotch Plains in 1937 by then school superintendent Howard Brunner. The Rotary has traditions of raising funds for scholarships, supporting local organizations, and sponsoring international students. Members always participate in the Memorial Day parade.
