FOREWORD

Know your town.

Scotch Plains is a fine community in which to live. This informative and useful booklet about your town may tell old residents one or two facts which will be new to them. Our more recent neighbors will be provided with data that may help them feel at home at a more rapid pace.

This booklet is the work of the Scotch Plains Lions Club and it is presented to you with the Club's compliments.

This booklet is only one illustration of what the Lions Club stands for—Service, particularly to our community.

Although a young organization, it was founded in 1949, in its first three years it has made itself felt in the community. It has donated an Iron Lung and other equipment to the local Rescue Squad, given the local Y.M.C.A. \$800 to install showers, given all the Scotch Plains schools more than \$2,500 worth of playground material. It also has donated to the schools an instrument for eye examinations.

Get acquainted with our town through these pages, with its detailing on churches, schools, history and its businessmen.

The Lions Club wishes to thank the following for helping to make this booklet possible: Miss Elizabeth Becker, Mrs. Bertha M. Curran, T. Andrews, John Mitchell, John Conroy, Marcus Conroy, Fitch Jeffries, Mrs. Harold Steffins and George E. Richards.
