NEW SCHOOL BOUNDARIES

Since Coles is built.

With the addition of another new elementary school in our township, there will again be a shift in the various school boundaries. It is sincerely hoped that these new limits will now remain constant for some years to come. This map, crude as it may be, should help you to visualize our school area. All present 5th graders without this zone will attend Shackamaxon. Shaded area represents our area for next year. Essentially, the school loses the area generally referred to as Maple Hill, but regains the area west of Martine Ave., once called Essex Farms.

Kevin Road School
later known
as
Coles School
