FANSCOTIAN

Everyone depended on the FANSCOTIAN, which was put out every three weeks, to provide all the news concerning the school. It contained news, stories, sports, bits of humor, and interesting items about the students.

The paper can be congratulated on having won a Columbia Scholastic Press Association award in 1943 and 1944 and on having scooped all local papers on several important news events.

In March, the staff attended the convention at Columbia University, where they learned ways to improve the paper. The senior members of the staff attended the banquet given by Columbia University.
