CULMEN

<i>Advisor</i>	MR. PERRY

For the second time in the history of Scotch Plains High School a senior class decided to have a yearbook. Under the supervision of Mr. Raymond Perry, the class immediately elected officers and organized a staff.

The staff found many difficulties to hinder their progress, such as finding time to have the pictures taken, securing a company to print the yearbook, and planning activities to raise money.

In March, after months of hard work, the Culmen was completed and ready for the presses.
