

LUCILLE WEBSTER

"Lucy"

*Fanscotian, Culmen, National Honor Society, Phi Sigma,
Senior Play, Hi-Tri*

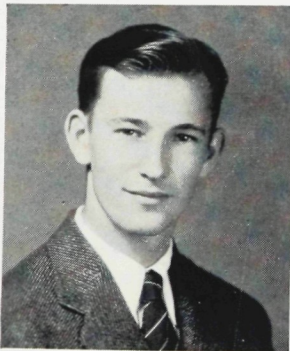

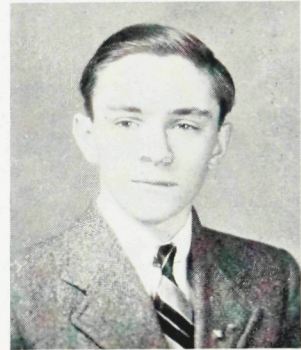

Throughout her four years of high school, Lucille has received very high marks; in fact she now ranks highest scholastically in the Senior Class. She has very graciously lent her talented hand at art when it came to publicity. She will attend after graduation, Miami University, Ohio.

HARRY WHITEHEAD

"Harry"

This "little Galileo" has a remarkably keen sense of humor. Words are wholly inadequate to describe this fellow's unusual talent in Physics, Electricity, Radio and all branches of mathematics, so he'll have to be satisfied when we say he's scientifically inclined. If inducted into the Army, Harry would like to get into the Signal Corps.

ALEX ZMUDA

"Axel"

Football Manager, Golf Team, Varsity Basketball Team

"Axel" is a cheerful, cooperative fellow always willing to help you in any way he can. He has always been interested in sports and is on the varsity basketball and golf teams. Alex will spend his immediate future in the Army Air Corps.
