STUDENT COUNCIL

President JACK TODD *Secretary* VIRGINIA STERN
Vice President STEELE ANDREWS *Treasurer* BETTE SHERIDAN

THIS YEAR'S Student Council, meeting every two weeks in the library under the guidance of Mr. Robert Adams and Mr. Raymond Perry, successfully directed S. P. H. S. through another eventful school year.

Once again S. P. H. S. sent its representatives to the state Student Council meeting at N. J. C. in New Brunswick. Later various members who visited the panel discussions held there gave brief summaries before the Junior and Senior High assemblies.

For the first year the Council's main source of income, the roller skating parties held at the Plainfield Academy, was cut off. Because of this a campaign for waste paper collection was instigated by the Council with the result of \$13.00 a ton being donated to the school.

The Student Council also took a forward step in the direction of inter-school relationship by holding exchange assemblies with neighboring schools.

Using the money left by last year's senior class, the Council purchased a new motion picture machine and a new screen.

By vote of the governing body a code of good sportsmanship and cooperation perpetrated by Mr. Perry was adopted by the school.
