AdvisorMISS G. ALONSO

THE BIRTH OF OUR CLUB, Los Majaderos, came with the arrival of our new Spanish teacher, Senorita Alonso. The literal translation of Los Majaderos, in case you were wondering, is "blockheads."

The purpose of the club is to create a better understanding of the customs and habits of our Spanish-speaking Latin American neighbors. In order to spread this idea throughout the school, Los Majaderos presented a Latin American program on April 12, Pan American Day. However, all our time is not taken up with studying and speaking Spanish. Los Majaderos started off the school year with the first big dance. To add to the enjoyment of the members and friends, Senorita Alonso invited a few entertainers from Russell Sage College. Few people will forget the samba as danced by two of them. There was also a Christmas party given by the members.

It is our hope that the Spanish Club will continue to grow and spread its ideals throughout the school.
