ONCE AGAIN this year the staff put out a special edition of *The Fanscotian* on the very first day of school and came through with the full twelve issues.

Besides covering the news around school and occasionally "scooping" everyone, *The Fanscotian* produced several memorable features such as "The Miss Scotch Plains High School" contest, Don D'Amato's "The Dream," Honeylou Todd's "Way Back When," and Jim Shreve's "In The Spotlight."

The staff had a big disappointment this year when the Columbia Scholastic Press Conference was called off. However, the senior members were given a dinner by the staff to take the place of the annual banquet given by Columbia University.

The paper can be congratulated on having won a Scholastic Press Award for the past ten years.
