

Faculty

The Class of '48 wishes to extend its sincere appreciation to you, the faculty of our Alma Mater, for all that you have done for us during our high school years. It is you who have given us the foundations for newer, more wonderful experiences to come. We beg your forgiveness for the trying times we've caused you, and hope that your occasional recollections of the Class of '48 will be as pleasant as our memories of you and Scotch Plains High School.
