

### ARTHUR HYMAN

Football, Baseball, Service Club, Projection Squad, Phi Sigma, Boys Chorus, Mixed Chorus, Science Club, Spanish Club, Culmen, Boys A.A., Senior Play.

A man of distinction, one of our best dressed seniors, having a multi-colored tie for every occasion. Not only is he a hard and willing worker, but he is generous and is known for his keen sense of humor. Besides being a good student, Art has done a splendid job on the football and baseball teams. Plans to attend college to take up chemical engineering.

### ART ISAACSON

Projection Squad, Stage Crew, P. A. System, Treasurer of Junior Class, Culmen.

This strong, silent type of fellow is known alternately as "Ike" or "Doc." His quiet way of getting things done, well and quickly, has made "Doc" an excellent "behind-the-scenes" man. He is interested in radios and automobiles, and when he's not tinkering with these mechanisms, "Doc" is a loyal rooter at the Raider's football and basketball games. Next year will find him among the students out in the University of Minnesota, if things go right.

### BERNICE ELIZABETH JOHNSON

Girls A.A., Commercial Club, Mixed Chorus, Girls Chorus.

Baseball? Basketball? One thing is certain here's where we're sure to find "Sis"!! Dancing rates high with her—the gal can really jitterbug! Music is her first love. The school choruses, as well as years of pounding the ivories, have had more than a little to do with that. "Sis" expects to attend the Eastern Conservatory of Music in Roselle after graduation in June.

### WARREN JOHNSON

Culmen, Fancotian, Art Club, Senior Play.

"Johnny" is one of the artists of the class, and a mighty talented one at that. He likes "food, fun, and to be fancy free," in that order. His wit and cartooning have livened our classes considerably in his years at S.P.H.S. It is good to know that he plans to be a commercial artist.
