

JEAN MERLO

Library Council, Girls A.A., Girls Chorus, Culmen, Mixed Chorus.

A vivacious little brunette who has more ups and downs than a roller coaster! "Jeanie" is always ready to laugh and she often does! She likes all kinds of nice things. As yet she doesn't know what her career will be. Whatever it is, she will start it at Montclair State.

FLORENCE MESSEMER

Chorus, Commercial Club, Fancorian, Girls A.A., Culmen.

"Flossie," the carefree girl with the cheerful smile came to S.P.H.S. from Dunellen. She can usually be found in the typing room, busily performing her duties as a typist for the Fancorian. The future is uncertain for "Flossie," but it will probably include training to become a stenotype operator.

WILLIAM S. MEYER

"Boats and Illinois"—that's "Bill." A very active member of sea scouts, he just lives for annual over-night cruises and camping trips. Sunday night chauffeur for the Baptist Young People. Scientifically-minded Bill hopes to become an electrical engineer. The future will probably find him enrolled in the University of Illinois, but natch!

JACQUELINE MILLER

Treasurer of Freshman Class, Junior Play, Culmen Fancorian, Girls A.A., Cheerleaders, Spanish Club, Senior Play, Student Council.

"Jackie" tall, blonde and vivacious. One of our most able cheerleaders. Can be found almost any afternoon out in the back field practicing for the next game. Exceptional ability in art and designing. The future will probably find Jackie at some small co-ed college, majoring in art.
