

KENNETH MILLER

Culmen, Boys A.A., Student Council, Basketball, Art Club Treasurer, Mixed Chorus.

Our tall, dark, and handsome basketball player, "Mill," is an unassuming fellow who is full of surprises. This year he's been taking care of the "frat's" money. "Mill" says his two main interests are "sports and women." He hopes to attend the University of Kentucky, where he will take up civil engineering.

WILLIAM ALAN MIXON

Junior Class President, Student Council, Service Club, President of Phi Sigma, Football, Publicity Chairman of Senior Class, Boys A.A., Library Council.

Bill, with his inexhaustable supply of energy, was a worthy president in our junior year and contributed so much to the success of our prom and play. His quick wit, keen sense of humor, and his love of good times, will long be remembered. His ability and initiative should carry him far in his chosen work.

RICHARD F. MONROE

Vice-President of Freshman Class, Junior Play.

A quiet, calm, cool, and collected character is our Dick. He likes all kinds of nice things; fishing, dancing, and his gal. He claims he's good to his pastimes, and they're good for him. Dick plans to do a bit of painting after leaving high school, then he'll be off to a school of forestry.

MARLENE MONTAGNE

Library Council, Girls A.A., Culmen, Girls Chorus.

"Mi" is known for her ever generous nature and her willingness to help others. This dark haired chick takes special notice of dark hair and bright blue eyes. Always one step ahead of **Vogue** and **Mademoiselle**. Anything for style! Warm sense of humor that is never at ease. Interested in French, Marlene plans to enter a secretarial language school to become a French Secretary.
