

## *Girls Chorus*

The Girls Chorus, through its many years of existence, has actually become a school tradition. Under the fine direction of Miss Swetland, the Girls Chorus has become a tremendous organization. Selected members of this chorus are also members of the Mixed Chorus. They all worked very hard to prepare for their fine choral program at the end of the year.

## *Boys Chorus*

The Boys Chorus has always been a favorite choral group. Everyone seems to enjoy the smooth, deep sound of a mixture of male voices. These boys have worked hard and deserve much credit for the wonderful job they did in the various assemblies and in the "Choral Festival."
