

## Commercial Club

This is now the third flourishing year in the existence of the Commercial Club, which was organized for the purpose of acquainting secretarial students with the problems of the business world. Anyone taking typing is eligible for membership.

Many useful demonstrations are given during the year. They include a typing demonstration and demonstrations of other machines common in a business office. The students also give demonstrations of the correct dress and make-up for a secretary. Other activities are the Christmas Party, a dance after a basketball game, and a trip to New York.

The dues and other money in the treasury of the Commercial Club are used for Gregg typing and shorthand awards, which are distributed annually at the Award Assembly.
