BAND

Our large band is perhaps the organization of which we are the proudest. With the bright uniforms and lively spirit the band has performed many an enjoyable act during the halves of our football games. Mr. Wojnarowski, the band's capable conductor, has made our band one of the largest in this area. The annual "Night of Music" is always looked forward to with the greatest anticipation and always received gratefully. Playing for almost all of our assemblies and special programs, the band has added much to the color and enjoyment of our school life.
