

The Assay Office Shows Real Value

COMMERCIAL CLUB

The Commercial Club, which is now three years old, is one of the more successful organizations in Scotch Plains High School. The girls in the club, under the able direction of Miss Tina Federico of the Commercial Department, gain valuable experience which will benefit them when they enter the business world. However, of more immediate practical use, the members do clerical work for the school and finance the typing award pins every year. The club also sponsors dances and an annual Christmas party for the enjoyment of the club members.
