

SENIORS

ROSE ANNA LEE

Fanscotian; Library Council; Culmen; School Publicity.

"Sweet Rose" is one of our favorite seniors. Pretty and soft-voiced, she loves to sew, cook, knit, and read. Rosie likes popcorn and ice cream, too. She definitely has a flair for art and this plus her appealing personality marks her as pretty special. After graduation, she hopes to be a secretary.

LOUIS JACQUES LOUME

Senior Class President; Freshman Class President; Basketball; Varsity Club; Student Council; Boys' Chorus; Mixed Choir; Service Club; Stage Crew; Projection Squad.

The tallest and most good-natured among us is Lou Loume. Known by all for his feats on the basketball team, his popularity and capability have twice made him president of our class. Lou's plans for the future are somewhat indefinite, but we are confident that his personality will lead him to success.

ALPHONSO MALANGA

Boys' Chorus.

"Poncho" has been a laughable and lovable member of our class all through high school. When he laughs, which is often, his black eyes twinkle and pretty soon the class is totally disrupted—"Poncho" wins again. He spends most of his spare time at the "Y" and they like him there, too. To him, the future is hazy, but we know he'll be happy.

HAROLD THOMAS MARTIN, JR.

Football Manager; Boys' Chorus; Track.

"Water boy!" With that call, out onto the field goes Harold, football manager this season, spilling the water intended for the dry mouths of our players. His likes are food, nearly anything in any quantity, dancing, football, and a cut-throat game of pinochle. Harold thinks you will see him in one of the armed services' uniforms, but his future is undecided after that.
