

# CLASS OF 1950

**DONALD HADDEN SHIFFNER**

Art Club; Service Club; Projection Squad; Football.

Although one of the quieter members of our class, Don will always be remembered as one of the gang. A lover of the great outdoors, he enjoys hunting, fishing, skiing, and relaxing with good outdoor magazine. In the future, Don hopes to make use of his artistic talent and become designer or an architect.

**JAMES MICHAEL SULLIVAN**

President of Service Club; Chorus; Track; Varsity Club; Boys' State.

Jimmy, with the sleek eyebrows, joined our class in his junior year and immediately attained his lasting popularity. We have found him to be dependable and willing to do any job asked of him. Jimmy's outside interests lie chiefly in his job at the kennels where he is gaining valuable information for his desired future occupation, that of a veterinarian.

**JOHN PAUL SULLIVAN**

Football; Varsity Club.

Jack, with the dangling front locks of hair, came to Scotch Plains High in 1947 from Trinity. It is rare when you find Jack in homeroom two minutes before the late bell. His weak spots: a cute brunette, a piano without a bookie-woogie player, television set, and dancing. It may be the armed services or the business world for Jack.

**RONALD WILLIAM SYLVAN**

Football; Varsity Club.

Second to "Sab" in stature comes Ron, tackle for our Scotch Plains High varsity for two years. He loves to eat and makes feeble attempt at skiing and swimming. Big and quiet, Ronny hopes to bless the University of Wisconsin's campus with his easy going nature, but after that he doesn't know what business will claim him.
