## THE JUNIOR CLASS

Our junior class, under the guidance of Miss Roberts, started off with a bang this year by electing its very competent officers. Next, the cast was chosen for our first play and rehearsals were going full tilt. "Headed for Eden" was made a big success by Helene Gauerke, Ken Archbold, Russell Webster, and others in the cast, directed by Mr. Limoli.

As money-making projects, orders were taken for nylons, and candy was sold at football games. In the spring we gave our roller skating party and also a show, using our own talent.

Last, but not least, our longed-for Junior Prom finally came and everyone had a wonderful time at the last event our class was to have before it becomes the senior class of 1951!
