THE SOPHOMORE CLASS

Just imagine! Last fall we were no longer in the lower grades but were really in the sophomore class of the senior high. Many new activities were opened to us, but also we had to work harder than ever before.

By the time we were to have our own formal Sophomore Hop, every 10th grader was working for the good of the class of '52.' Our best efforts were rewarded by a successful Showboat—one of the biggest and best dances S. P. H. S. has had.

Now after whizzing through our sophomore year under the able leadership of Mr. Stolt, we are looking forward to an even more wonderful junior year!
