

LOS MAJADEROS

"The Blockheads" made a good selection of officers this year who led the club in some ambitious undertakings. A Spanish Club dance was held and the club members took a trip to the big city among other things. It is an honor to belong to the organization, for, although third year students are automatically members, first or second year pupils are admitted according to their marks at the beginning of the second semester, or near the end of the year. Los Majaderos is a worthy organization and its members can proudly say, "Pertenezco a Los Majaderos!"

"Comos Allez - Vous" Says Betty
