

BAND

We of S.P.H.S. always feel a special pride when we see our bright blue and white band marching down the football field. The high stepping twirlers and the brisk drum beat are special assets to our band. It has played at most of the assemblies (remember—' at the signal from the

band, please rise"?). The band also participates in the "Night of Music," along with the orchestra and the Moonglowers. The band is another organization we could not do without for it plays a major part in making our school what it is.

Archie Likes the Football Songs
