

ORCHESTRA

After the discordant tune-ups of the various instruments, the orchestra comes together and produces truly beautiful music under the direction of Mr. Wojnarowski. The members play at the annual Christmas and Easter assemblies, at the Junior and Senior plays and at other important activities. Drusilla Christopher and

Dorothy Tutt represent the organization in the New Jersey All-State Orchestra. The special event for the whole Instrumental Music Department is the "Night of Music" which is given in the springtime. This is the big night for the orchestra to display its exceptional talents.

And He Hums Along with the Classics
