

Betty Puts on a Dazzling Performance

TWIRLERS

A pretty girl? A twinkling baton? These mean our twirlers, the pride and joy of our band. At every football game, they led the way on to the field and sometimes on to victory. Either way, these girls were another proof that we're proud of our team and right behind the fellas. The majorette this year was Kathryn Millwater and we don't think she's ever been surpassed. She appeared at several exchange assemblies and was as well received at other schools as she is here. We're mighty proud of her and the rest of our talented twirlers!!
