BOYS' CHORUS

Carefully blended male voices form the Boys' Chorus. While it is not so large as some of the other choral groups, it may be ranked as one of the best as far as quality goes. Many of its members have gone on to do advanced choral work and have done very well. Miss Swetland is the supervisor of the group and also acts as their director. The boys take a big part in the Choral Festival, the annual demonstration by the choruses. The Boys' Chorus is a credit to our school and the organization deserves praise for their fine work.
