## VARSITY CLUB

The newest organization in S.P.H.S. is the Varsity Club. It is made up of varsity members of the athletic teams. These active fellas can be recognized by their flashy blue and white jackets. Their aim is to encourage sportsmanship and understanding between members of the different teams. We hope this organization will continue to be as successful as it is now and that it may always have such active, enthusiastic members. Good luck to a new venture!
