

SERVICE CLUB

ADVISOR—CATHARINE MINGLE

Seniors maintaining at least a "C" average are selected for Service Club. Before the bell, you see the members rushing to their posts to direct traffic.

Their job is not to find fault with pupils doing something; rather the purpose of the club is to bring about good citizenship among the students. This organization meets once a month to discuss ways of improving our school.

A successful roller skating party was held on November 17. The Service Club is to be commended for its success in keeping order in our halls and also for assisting the faculty.
