### ADVISOR—FRANCES MAKOVSKY

This year Los Majaderos was carried on under the able guidance of Miss Makovsky. The name of the club, translated into English, means "The Blockheads." The purpose of the Spanish Club is to create an interest and appreciation for the culture of Spanish speaking countries.

Among the club's activities was the annual Christmas party, where the "pinata" was broken and everybody received a present. Also, there was the trip to New York, which was the most exciting of all.
