

Advisor — EDWARD WOJNAROWSKI

The band is one of the most respected organizations in our school. By playing at the assemblies, the members help greatly to raise our school spirit. Another activity of the band is its participation in the "Night of Music." Under the capable direction of Mr. Wojnarowski, the members, besides playing good music, strive to achieve teamwork and improve their musical ability. We could never do without the band for it is one organization which plays a major part in making our school what it is.
