

JOHN KATES

Football; Varsity Club; Track Manager.

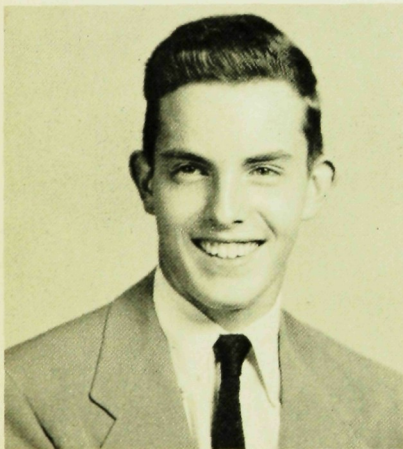

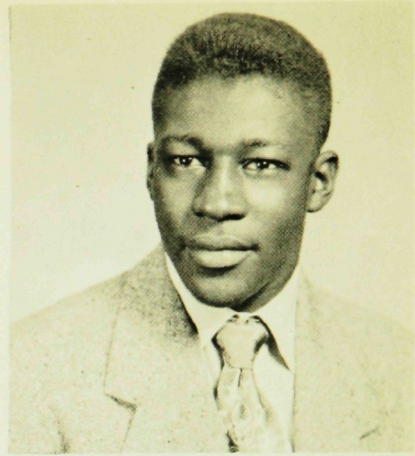

One of those big husky Raider football players is John. Few people know that he likes to cook when he's in the mood. John also loves to listen to Billy Daniels, but intensely dislikes liver and sweetbread. John plans to go to the New York Institute of Dietetics in order to be a dietitian; if Uncle Sam doesn't snatch him first. P.S. You should see this boy rhumba!

1952

KEITH FRANCIS KAUFFMAN

Art Club.

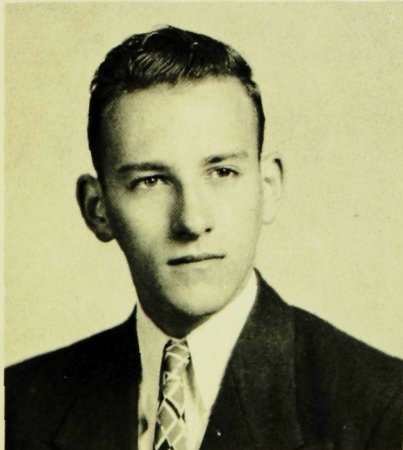

Keith is one of the most quiet and well liked fellows in the Senior class. He is fond of school, especially Spanish (and not just because of the teacher, either.) Keith likes to "fuss around with radios" and is a collector of guns. When he leaves school Keith would like to get a job in Mexico where he could use his Spanish.

PAUL F. KEITH

Service Club, President; Student Council; National Junior Honor Society; Junior Class Vice President; National Honor Society.

Quiet and dependable, Paul is a friend to everyone. One of the better students of the class, he has always been near the top in his classes. His scholastic powers are not everything. He is a good athlete, especially at basketball. Paul would like to go to college after graduating and become a doctor or chemist.

ALLAN BROWN KIME, JR.

Baseball; Varsity Club; Junior Play.

"Mick" is one of those quiet boys with hidden talent as proven by his part in the Junior Play. "Al" who came to us from Newark Academy in his junior year likes SPHS better because it is co-ed and he claims there is less homework. He also likes living in a small town instead of Newark, and vanilla milkshakes and hamburgers. With his scholastic ability and quiet unassuming manner "Mick" is sure to succeed in Lehigh U. where he hopes to go to study electrical engineering.
