

Patricia Jean Abbott

Band; Library Council; Jr. Play; G.A.A.; Make-up Committee; Service Club; Sec., Cheerleaders.

Pat, our very first Senior, lists as her very first likes: dancing, reading, and of course pizza. Pat is at the top of our list in other respects, too. She's a wonderful pal, and always joins in the fun. The Class of '53 has a capable nurse in its midst and we know that Pat will put all of her ability into this most important job.

Roger Charles Apgar

Student Council; Senior Chorus; Art Club; Football.

"Rog" has enlivened many a dull class with one of his choice remarks and left the rest of the class completely disrupted. "Rog" is a lover of sports with skiing and football heading the list. He claims his pet peeve to be his tan '34 Ford. Both Purdue and Florida Southern interest "Rog" and he would like to become either an oil geologist or a jet pilot.

John Anthony Appezato

Good-looking John is a carbon copy of his twin brother in likes as well as looks. Seton Hall is a possibility for John. He's very active in the C. Y. O. and when he's not in school you're sure to find him ushering at the Strand. Strange as it may seem John actually enjoys studying Latin! Geometry, however, is a horse of a different color. He likes to drive and as far as music is concerned, jazz and hillbilly are John's dish.

Ralph John Appezato

Latin is Ralph's main dislike but he regards it as a necessary evil. His ambition is either Seton Hall or else engineering school. Ralph's main interest is out of town but he also likes the seashore, outdoor sports, and Rosemary Clooney. He is a Yankee fan and baseball is one of his favorite sports. He likes to eat anything and everything, and after school he works. Your classmates are with you, Ralph, and we're sure of your success in whatever you choose as your life's work.
