

Catherine Carter

G.A.A.; Art Club; Chorus.

Catherine, better known as "Honey" to her friends, dislikes unfriendly people and "those whose jokes are better than mine." This friendly senior spends a lot of her time at the roller rink. "Honey" enjoys collecting pictures of friends. Her big interest, though, is a rookie in the marines. Could that be why she's joining the waves after graduation? But whatever the reason, we're sure she'll be a great success with her warm personality. Lots of luck.

Mary Chabin

G.A.A.; Commercial Club; Fancotian; Culmen; Treas., Audio Visual Aids; Service Club; Jr. Chorus; Sr. Chorus; Las Contadoras; Candy Committee.

Mary is a person who doesn't approve of homework over weekends. But this is a small dislike compared to her many hobbies including swimming, cooking, watching T.V., all types of dancing, and collecting records—especially those of Eddie Fisher and Patti Page. Her future includes work in the secretarial field. Later, she would like to tour the United States.

Kenneth Christiansen

Pres., Student Council; Pres., Jr. Class; Pres., Jr. National Honor Society; Vice-Pres., Sr. National Honor Society; Culmen; Projection Squad; Varsity Club; Basketball; Cross-Country; Track.

"Ken" is the tall red-head who can be seen running around the track or involved in one of his many activities. He can always be counted on to produce an innocently witty remark at just the right moment followed by a contagious laugh. "Ken" likes sports and girls but despises homework. He is not decided on a college yet but he wants to study engineering.

Cassandra Nye Cobb

Pres., Sr. National Honor Society; Sec., Jr. National Honor Society; Vice-Pres., Dramatic Club; Orchestra; Student Council; Culmen; Cheerleaders; Library Council; G.A.A.

"Sansie" is one of our more scholarly girls but don't let those high honors fool you. She's really very active around school—especially as a cheerleader. Her hobbies are swimming, sewing, and ballet. Strangely enough, she likes cowboy music. Her pet-peeves are show-offs, cold weather, and homework. After graduation she plans to go to Penn State and major in Home Economics.
