"Margie" is one of our cutest and busiest Seniors, with a genuine love for fun. Tops among her likes are clothes, records, and shrimp cocktail with loads of horse radish. "Our little Margie" is so full of fun and ambition that she'll always be a welcome sight. After graduation she would like to attend Centenary Junior College, and study to be a medical secretary.

Caroline is that attractive blonde with a love for all cats—from China models to the true fuzzy variety. Knitting is her favorite hobby with sewing running a close second. As dependable as she is likable, Caroline is never without something to do. We'll always remember her superb job of acting in "Every Family Has One." She plans to attend college and hopes to major in Home Economics.

Joan Marie Koscielny

Chorus; Jr. High Dramatic Club; Business Manager, Fanscotian; Vice Pres., Library Council.

Put together dependability, efficiency, and a friendly personality. What have you? None other than Joan! This little gal is a lover of crocheting, cooking, and of all things—tuna fish sandwiches! Joan has one particularly favorite pastime—window trimming for stores. Her one dislike is working on the farm. Joan would like to be an office secretary after graduation, and with all that get up and go, how can she fail?

Rudolph Kraft

Student Council; Senior Chorus

"Rudy" is that likable fellow with a great love for cars—sport car racing being his favorite hobby. Hamburgers and milkshakes are tops among his likes, and running a close second is the dance music of Ralph Flannigan. College and the Navy are both a part of Rudy's plans for the future, and because of his friendly personality and good sense of humor, we're willing to bet that Rudy is going to find plenty of happiness.
