

Robert Warren Lamonea

"Bob" is one of the quieter, although friendly, members of our class, with a yen for football and basketball games. Another favorite pastime of his is swimming. To "Bob," there is nothing finer than platefuls of lasagne, ravioli, and pizza. Among his dislikes are English and homework. Although his plans are not yet definite, "Bob" would like to be a builder in the near future. Because of his quiet determination, we feel sure "Bob" has a definite chance for success in any field he chooses.

Marcia Helene Larson

Chorus; Service Club; Jr. Play; National Oratorical contest; Culmen; Las Contadoras.

"Marcy" came to us from North Plainfield High in her Sophomore year, bringing along that sense of humor we've all come to love. A collector of popular records and a lover of good plays, "Marcy" has but one outstanding dislike - she hates to get dressed up. Also tops among her likes are parties and just plain fun. She would like to attend Syracuse University to study speech and also hopes to become a teacher.

Bernard Leon Lastowski

Chorus; Varsity Club; Baseball; Football; Basketball; Track.

Bernard is another lover of sports, and is tops in every one he takes up. Somewhere along the way, he acquired the rather unfitting nickname of "Pee Wee." A fellow with lots of personality, Bernard is as well liked among his friends in the Class of '53, as he is admired on the football field. Model airplane building is a favorite hobby of his, and aeronautical engineering seems quite definite in "Pee Wee's" future plans.

William Lee

Varsity Club; Football; Baseball; Basketball.

When it comes to any kind of sports, you're sure to find "Bill" in the midst. With his friendly smile, he is as likable as he is dependable. Among his favorites is one in particular - ham, with all the trimmings. A pet peeve of "Bill's" is an uncooperative attitude in people. College plans are as yet indefinite, but we feel that whatever is decided, just as in football, "Bill" is sure to come out on top!
