

Paul Michaelis

Track; Basketball; Cross Country; Science Club; Props. for Jr. Play.

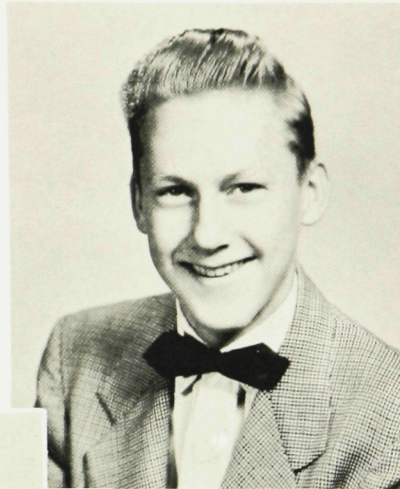

"Mike" is one of the quieter members of our class. He's happiest when he's clipping along in his outboard. He spends a lot of time building model ships. He loves steak smothered in onions but doesn't like Mulligan stew. Smooth music rates high with him. After graduating he would like to go to the Coast Guard Academy or Kings Point. Lots of luck to you anywhere Paul.

Gerald Louis Morel

Fanscotian; Commercial Club; Properties, Jr. Play; Baseball; Basketball.

"Jerry" is the one who doesn't like to see things dull and quiet. Getting everyone peppy is for "Jerry"! When he isn't bowling or playing basketball, he's eating or seeing one of his girlfriends. "Jerry" dislikes teachers that hear well because that spoils his fun. Seton Hall might be blessed with his presence or it could be the plumbing business, "Jerry" hasn't decided yet. Either way, he's sure to have fun at it.

Armand Joseph Morelli

Treas., Sr. Class; Treas., Chorus; Service Club; Fanscotian; Band; Orchestra; Football.

There he goes, heading for the wide open spaces. Armand is the fellow with the yen for hunting, fishing, and swimming. Also tops among his favorite activities are dancing and eating—especially his mother's baked lasagne and spaghetti. His one pet peeve is posing for pictures. There's no telling what will happen when Armand discards his cap and gown, when he will enter the University of Southern Florida and begin studying hotel management.

Priscilla Ann Morris

Service Club; Culmen; Senior Chorus; G.A.A.; Las Cantadoras; Student Director, Jr. Play.

"Pam" is short, dark, and cute. She is a good dancer and enjoys it. She likes to knit, and it's always a mad rush at Christmas time. Priscilla doesn't really dislike anything except liver. It looks like she will spend her next two years at Green Mountain Junior College in order to become a medical assistant. We wish her the best of luck.
