

Richard Gordon Murray

Art Club; Football.

St. Louis sang the blues when "Dick" left Webster High to come to Scotch Plains. In St. Louis "Dick" was active in sports and an enthusiastic builder of model railroads. He was a founder and the president of their Model Railroad Club. Dark, handsome "Dick" has been an asset to our class with his pleasant personality and ability in art and sports. "Dick's" only dislike is girls who talk incessantly, but this is natural because he plans to be a dentist. He hopes to enter the Washington University in St. Louis after graduation.

Fredda Mae Oakes

Senior Chorus; G.A.A.

Graceful, neat "Fred" is one of the most amiable members of our class. Roller skating is her hobby and so she spends a great deal of her time on wheels. Fredda likes boys, dancing, driving, and a two-toned Pontiac. We have all enjoyed her singing in the Senior Chorus. She dislikes conceited people and smoking. Considering "Fred's" ability with the needle, we are not surprised that after graduation she plans to become a seamstress.

Joan Lillian O'Leary

Senior Chorus; Las Cantadoras; Service Club; Culmen; Twirlers; G.A.A.

Joan is one of the very talented members of our class. She twirls not only for our band but also for the V. F. W. Fife and Drum Corps. in Somerville. She won honors at the Griffic Music Foundation. Joan's hobbies include singing, roller skating, dancing, twirling, and a certain boy from Somerville. She likes almost all kinds of food, Perry Como, and driving her father's Chrysler. Joan plans to enter the secretarial or singing field after graduation.

Sven Bertel Olsson

Science Club; Junior Play; Jr. High Dramatic Club.

Look for the smoothest dancer on the floor and you'll find "Bert." When "Bert" isn't dancing we're apt to find him reading hot rod magazines. "Bert" likes to eat, his favorites being cheeseburgers, chocolate milk shakes, and Swedish meat balls. Rosemary Clooney ranks first among his favorite singers. His pet peeves are noisy girls, homework, and long school hours. "Bert's" future plans are either to go to college or to become a member of the Air Force.
