

ZIGGITY BOOM CLUB

A loud T-E-A-M resounding from the lower halls of S.P.H.S. and you know that the cheerleaders are practicing again. These hard working girls deserve many thanks for adding color to our games this year. They have promoted friendliness and general co-operation throughout the student body.

The club sponsored a very successful "Collegiate Ball" in the fall. The cheerleaders also went to New York in the Spring on their annual outing to see a New York production. The cheerleaders receive little thanks for their work. If you don't call practicing until five thirty in back of the school, work, what is? However, we appreciate them for keeping up the school spirit. These girls deserve a lot of credit for their addition to our football and basketball games.

President	Nancy Wood
Vice-President	Muriel Irving
Secretary-Treasurer	Patricia Abbott

We Screamed Ourselves Hoarse
