Ziggity-boom! Rah! Rah! It's the cheerleaders! We saw them on the football field, encouraging the Raiders, win or lose. No basketball game would be the same without their spark. They sponsored two successful dances for the football team and few will forget those exciting evenings.

After their hard work and service to S.P.H.S. are near completion the girls are partially rewarded by a trip and a show in New York City. It would take more than that to repay these girls who have given so much and been such a credit to our school. Their golden megaphones are but a symbol of our thanks to them.
