

ANNE ELIZABETH BLACK

Culmen; Spanish Club.

"Lou" is the gal who wears those gorgeous tailored outfits. Ann's blond hair always looks perfectly in place even when participating in some peculiar incident with peculiar friends. She came to S. P. H. S. from Cranford in her Junior year and Ann's a welcome addition to our school. The future is fairly indefinite but includes Junior College.

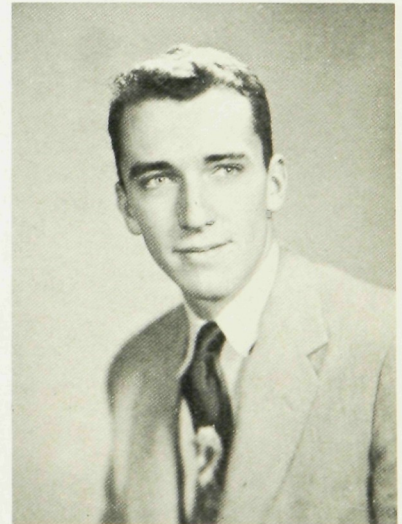

RICHARD JOHN BOCHKAY

Varsity Club; Football; Sr. Chorus; Boy's Chorus.

If you see a path of destruction ahead of you, you can be sure "Rich" has been blundering by. He means well but accidents do happen. "Rich" surely doesn't blunder when he's on the football field. He is a hard worker and after practice he goes to a job in Dunellen. College is in the immediate future. (It better be a strongly built college.)

OLIVER DAVID BOND-NELSON

Oliver isn't the only thing unusual about "Pete." He's our elephant boy from India. "Pete" is one of "those boys" who just happens to be around when something goes wrong. His honest blue eyes and "I'm innocent" look have fooled many an unlucky victim. If his luck outweighs other forces, "Pete" will be a college boy.

IRENE IRMA BOOTH

G. A. A.; Cheerleader; Pres., Sr. Chorus.

We can think of very few people who have more vim and sparkle than "Reney". As Irene is the president of Senior Chorus, she has the pleasure of trying to keep that "howling herd" in order. Being a Secretary is second best to being a hooper, in her book. From what we've seen, "Reney" has plenty of energy to "burn those taps."
