

RONALD THOMAS DONNELLY

Senior Chorus; Baseball.

"Ronnie" is another one of those boys who'll be hanging his head over the starboard side after the big day. "My how you've changed" may sound corny, but it's true as far as "Ron" is concerned. A change definitely for the better if the girls sparkling eyes are any indication.

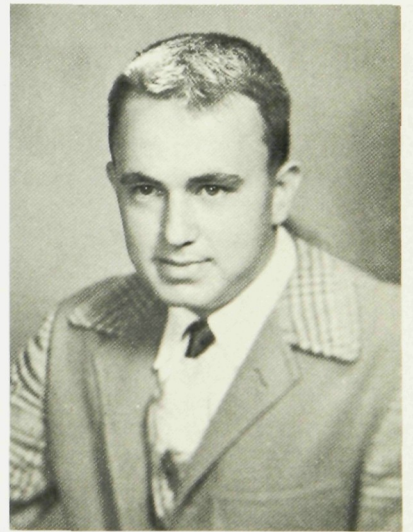

PETER JOSEPH DONOVICK

Track.

"Squirrel" is going to join the throngs of sea-sick Navy boys after he graduates. He's been getting in practice by sitting on the seat over the rear wheels in the "Li'l Yellow School Bus." Ready and willing to smile, that's "Pete." He's quite a guy, reminiscent of a character in a Shakespearean play; and we don't mean "Juliet."

RICHARD FRANCIS DOOLEY

Have any flat tires or leaking carburetors? Wait a couple of months and Dick will be on the job. "The quiet one" can be relied upon to get the job done. It's unusual but pleasant having someone who listens more than he talks. After graduation Richard wants to work in a gas station or be a machinist.

BARBARA MARIE DUNN

Sec., Sr. Chorus; V. P., Spanish Club; Las Cantadoras; Fanscotian; Culmen; Library Council; G. A. A.; Art Club; Make-up Committee.

"Barb" and her alligator handbags (presents from Gene), she's always got one. Because she takes the attendance in Senior Chorus, "Barb" has made a great many friends among the period "cutters." She'll meet a lot of "cutters" of a different sort when future profession, nursing, takes over. "Barb" owned the first kilt skirt in S. P. H. S.—an old sawed off skirt!
