

ETHEL MAE HENDRICKS

G. A. A.; Senior Chorus.

Did you hear that beautiful music at the Christmas program? Part of that program was successful because of "Mel's" beautiful singing. "Mel" also likes to dance and sew; but she says—"later for that," for in the near future she has other plans. She hopes to go to a vocal school and continue her musical education.

RUTHANNE HENRY

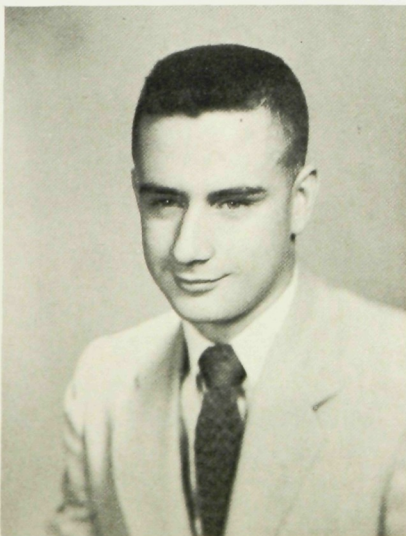

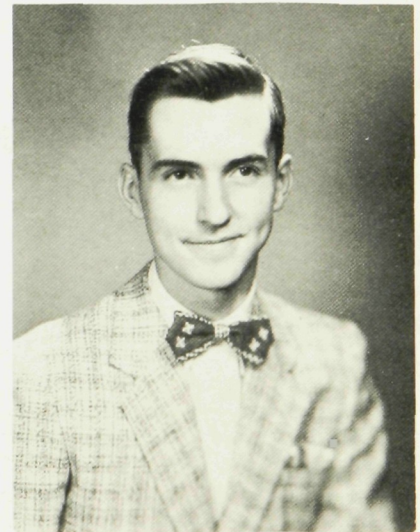

Art Club; G. A. A.; Make-up Committee.

"Rusty" isn't rusty when it comes to knowing what's fun to do. She has the habit of losing the oddest things in the oddest places. "Rusty" can usually be found laughing in a cloud of her own smoke. You're definitely our brand "Rusty," as far as secretaries go.

HAROLD HISNAY

Culmen; Track, Cross country.

When we're all rich and famous, "Hal" will be providing the fur coats. After the marines, Harold will be a fur farmer up in the cold, cold northland. He'll specialize in spotted furs; if his own hair is any indication.

ROBERT STEPHEN HOLTON

Projection Squad; Stage Crew; Track.

"Bob" is one of the boys to blame when the stage lights or "mikes" don't work. One of the high points of our school band is "Bob" and his big bass drum. The way he swings those drum sticks, he's likely to lose an arm some day. If you bump into "Bob" while you're in Burma or Cairo, you'll know that he is just "roaming the globe"; an ambition which he would like to pursue after the service. "Bob" is in the Air National Guard now; and don't we know it.
