

JAMES HOPE

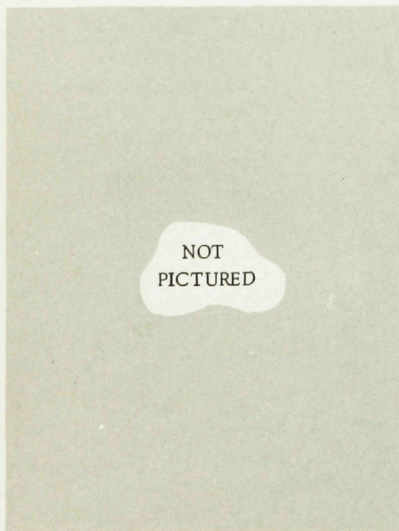

Basketball.

It seems that "Skip" so loves basketball that he'll even keep girls waiting while he practices the sport. However, all is usually forgiven when he steps out on the court to show what his many hours of practice have produced. Everyone but the teachers admires "Skipper" for the way he ambles through his daily routine. His immediate plan for the future is that of many of our boys; the service.

MURIEL MARGARET IRVING

Art Club; G. A. A.; Secretary, Student Council; Treasurer, Sophomore Class; Culmen; Captain, Cheerleaders; Junior Play; Chairman, Junior Prom Committee.

Muriel is one of those lucky girls whom all boys adore. We're sure that she'll have the attention of every little boy in her elementary school class. "Molly" can always be remembered simply because she's so wonderful to everyone. We can't understand, how "Molly" can be so limber as she cheers, when she's always so stiff in Mrs. Stocker's Gym class.

NOT
PICTURED

GEORGE JAGHAB

George is conscientious and it shows in his school work. Dependable in his own quiet way, George does what he should, when he should, and how it should be done. Without a doubt he will conquer whatever he undertakes.

MARGUERITE JULIA JANSSEN

G. A. A.

"Peggy" is just the girl to liven up anything, even a game close to our hearts; hockey. She's always ready with a boisterous, hearty laugh except when she's referred to as Marguerite. (And that gleam in her eyes isn't because she's wearing a halo!) Good luck to your boss, "Peg," he'll need it!
