

**JUDITH ARLENE MATUSIK**

*Senior Chorus; Las Contadoras; Spanish Club; Chairman, Make-up Committee; Art Club; Assistant Editor, Culmen; School Publicity; Senior Play.*

If "Judy" doesn't say hello to you, it's because she doesn't see you. The Culmen's "Girl Friday" would rather grope her way through life with her glasses in her pocketbook. "Judy" is a master of idiotic jabber and an instigator of all sorts of mischief. She'll be the death instead of the cure of her defenseless patients.

"Harketh!"

**LORRAINE MARIE McDEEDE**

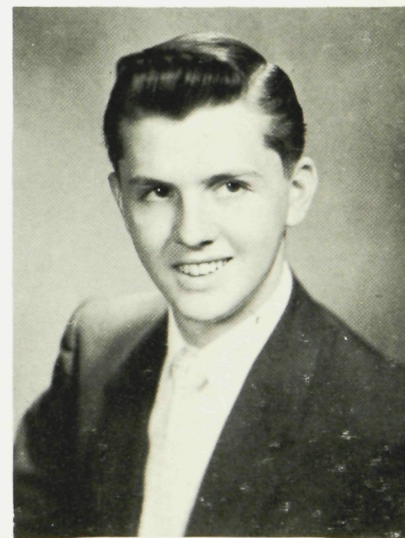

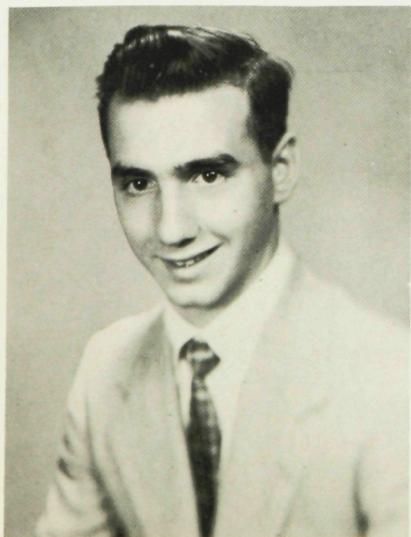

*G. A. A.; Library Council.*

Down the hall comes a quiet figure walking with two or three friends. That's sure to be "Dede." Most of the time she is one of the class of '55. Shining through this quietness is her wonderful liking for people, even though she has to be reminded of it, sometimes. This liking will be a tremendous help to her in her chosen profession—personnel work.

"Blow Up!"

**WILLIAM EDWARD MILLER**

As a Junior, Bill made the long, hard journey to S. P. H. S. from South Side High in Newark. There hasn't been much time for us to get to know him, but what we've seen we like. Bill has his future plans all set down. He knows "exactly" what he's going to do. He plans to go to "some form of business school;" to enter "some form of business."

**THOMAS FRANCES MORELLI**

*Varsity Club; Baseball; Football; Band.*

"Tommy" or "Horse" is another one of our drummer boys; but in keeping with his size, Tom carries a small drum. Ask him how much canned tomatoes are selling for and he'll tell you! He has a couple of years of rough Acme and Shop-rite work behind him. Service, either the Army or the Navy, holds "Tommy's" immediate future; that's if they'll have him.
