

CARL H. PETERSON, JR.

*Projection Squad.*

"Pete's" one of those persons that doesn't let his dust collect in any one spot too long. He can be seen whizzing around in his own '54 Merc (of all things) from one job to another. His dislikes are headed by fat and meat. Guess you better start dieting if you like his car, girls. After graduation Carl plans to go into the navy and then to college.

"Ah you're crazy!"

GERALDINE YOUNG PETTY

*Band; Moonglowers; Jr. Play; Twirlers; Girl's Citizenship Institute.*

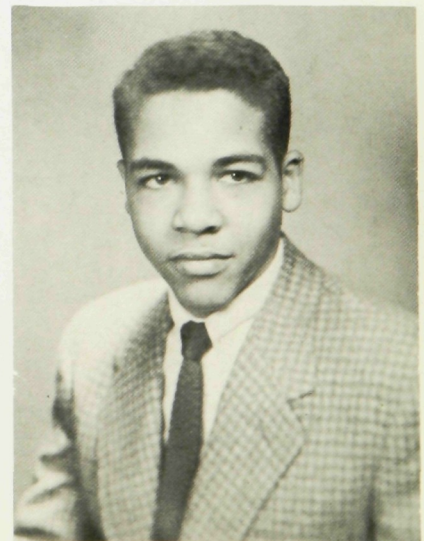

Gerry, with her high step and bright smile is one of the most nonchalant twirlers in our school. Known to S. P. for her catching giggles and musical talent, "Gerry" has a wide variety of interests. Her likes include boys, clothes, and knitting. Gerry would like to go to college to study teaching. We wish her the best of luck.

DOLORES ANN PIZZUTI

*Student Council, Tres.; Library Council; G. A. A., Tres.; Tres., Senior Class; Culmen.*

"It's my hobby," says "Dee." "What is your hobby?" our visitor asks. Why don't you know?—having a good time, being full of fun and enjoying those nice clothes she wears. That is typically our Dee. We know she will continue with her hobby in the future along with her Secretarial work.

RUSSELL ALLEN POWELL

"Rusty" is one of our classmates who has been with us since the beginning of our grade school days. A smile and a nonchalant walk are his trademarks. He will leave behind him memories of his art work and his ability to say the wrong thing at the wrong time. College or the navy will receive this boy after graduation.
